## **INTRODUCING An Insurance Buying Program Crafted Exclusively For ATI Members**

Chances are, your current policy isn't properly covering your major exposures leaving you vulnerable to potential claims to pay out of pocket.

Why? Because sufficient business insurance for the unique risks of Auto Service and Body Shops is often not offered by insurance companies or it is too expensive.

But not to worry. Leveraging ATI's group buying power, PSA has negotiated an Insurance Buying Program for your business. You can protect your company and manage your inherent risks with guaranteed quality and affordable coverage.

### **This exclusive program offers:**

- Preferred pricing
- Increased limits
- Broader and specialty coverage
- Claims management assistance
- Best practices collection and distribution
- Loss prevention consulting
- Cost control with collective loss data analysis
- Superior customer service

*PSA is a top 100 insurance brokerage and risk management firm, providing commercial insurance, employee benefits, HR consulting and personal insurance solutions. With our vast knowledge, experience and resources, we've been providing national caliber capabilities with local service since 1928.*

*Protect your business.  
Get better insurance.
